PSA VI

Geographic Information:

The region in PSA VI covers 19,330 square miles in nine eastern-most counties in the state: Bonneville, Butte, Clark, Custer, Fremont, Jefferson, Lemhi, Madison, and Teton. The AAA serving PSA VI operates out of Idaho Falls and is part of Eastern Idaho Community Action Partnership. From the high plains of Bonneville County to the mountainous terrain of Lemhi County, the region's topography is diverse. PSA VI borders Wyoming near Yellowstone National Park and the Teton Mountains.

Demographic Information:

Based on the 2017 American Community Survey Estimates, the total population in PSA VI was 221,179 of which 40,013 (18.1%) individuals were over the age of 60. Idaho Falls is the largest city. The at risk populations which factors in Idahoans of 65+ living in poverty, Idahoans of 65+ living alone, Idahoans living in a rural county, racial minorities, Persons 60+ and Hispanic, Idahoans aged 75 and older & also 85 and older is 40,710.

Focus Area A: Older Americans Act (OAA) Core Programs

ICOA Goal: Increase OAA core services by:

- Utilizing financial and operational data to increase services to older individuals and standardizing proven best practices for service delivery throughout the Planning and Service Area.
- Coordinating with health and social service partners to broaden access for long-term care services.

List of projects for previous year (SFY 2020):

1. Continue to coordinate with Area V Agency on Aging through the VD-HCBS, and other community partners to identify and increase services for Veterans.
2. Coordinate with local transportation providers to identify gaps in transportation services and work with those providers, community partners, senior centers, etc. to fulfill unmet needs.

3. Continue to expand the “Operation Red File Project” and work towards bringing that as a resource to our nine county PSA.
4. Participate and coordinate with local community partners for the incontinence supply program for low-income seniors in order to assist with needed incontinence supplies.
5. We intend to explore opportunities to apply for additional funding through local community grants, the Idaho Community Foundation, and other resources to sustain our senior programs.

Identify Outcomes/Successes for previous plan (SFY 2020):

We were able to make progress in each of the five planning activities listed above. We continue to work with Area V and provide referrals as appropriate to the VD-HCBS program. Unfortunately, TRPTA closed their doors at the end of April 2019, so we have been working with other local transportation providers since that time to help fill this unmet need. We have expanded “Operation Red File” to the upper valley counties that we serve, which include Jefferson, Madison, Fremont, and Teton. We have continued to receive grant funding through Regence Blue Shield to expand our incontinence supply program. The COVID-19 Funds that we received this year have also helped us to expand our incontinence supply program. We continue to explore additional funding opportunities in order to sustain the shortfall in resources that we continue to experience each year in our administration funds. All these goals will be continued into SFY 2021.

Provide description of coordination activities for upcoming year (SFY 2021):

1. Continue to coordinate with Area V Agency on Aging through the VD-HCBS, and other community partners to identify and increase services for Veterans.
2. Coordinate with local transportation providers to identify gaps in transportation services and work with those providers, community partners, senior centers, etc. to fulfill unmet needs.
3. Continue to expand the “Operation Red File Project” and work towards bringing that as a resource to our nine county PSA.
4. Participate and coordinate with local community partners for the incontinence supply program for low-income seniors in order to assist with needed incontinence supplies.
5. We intend to explore opportunities to apply for additional funding through local community grants, the Idaho Community Foundation, and other resources to sustain our senior programs.
6. Plan, prepare, and submit 4 Year Area Plan (which will be effective Oct. 2021-Sept. 2025).

1: Transportation Objective: To utilize best available data and resources from current transportation systems to maximize available services to older individuals.

Service Description: Transportation funds are used for operating expenses only and are designed to transport older persons to and from community facilities and resources for the purpose of applying for and receiving services, reducing isolation, or otherwise promoting independent living. The funds need to be used in conjunction with local transportation service providers, public transportation agencies, and other local government agencies, that result in increased provision. Service is provided to: congregate meal sites, supportive services (health services, programs that promote physical and mental well-being and shopping) community facilities and resources for the purpose of applying for and receiving services, which include comprehensive counseling and legal assistance.

Service Eligibility: Individual 60 years of age or older.

SFY 2020 (July 2019 – June 2020) Actual	\$15,747	\$4,053	\$19,800
SFY 2021 (July 2020 – June 2021) Budget	\$18,009	\$294	\$18,303

A. Transportation Service Delivery Strategy: Identify best practices in conjunction with local transportation service providers, public transportation agencies, and other local government agencies that result in increased service provision in our 9 county PSA.

Performance Measure:

- Effectiveness = Number of boardings.
- Efficiencies = Total cost, cost per boarding.
- Quality = Consumer satisfaction (use ACL's POMP-Performance Outcome Management Project).

Baseline:

State Fiscal Year (SFY)	Annual Boardings	Average Cost per Boarding	Consumer Satisfaction %
SFY 2016 (July 2015 – June 2016) Actual	28,419	\$2.29	Not Available
SFY 2017 (July 2016 – June 2017) Actual	25,148	\$2.65	Not Available
SFY 2018 (July 2017 – June 2018) Actual	24,908	\$2.47	Not Available

SFY 2019 (July 2018 – June 2019) Actual	19,949	\$2.63	Not Available
SFY 2020 (July 2019 – June 2020) Actual	6,101	\$3.25	Not Available

Benchmark:

- Increase total number of boardings by 2% annually and specifically focus on increasing boardings in our rural and underserved counties.
- Using standardized consumer satisfaction will be at 85% or higher.

B. Transportation Coordination Strategy: Coordinate with local transportation service providers, senior centers, public transportation agencies, and other local government agencies to identify ways to improve access to senior transportation information and resources.

Performance Measure: Transportation information access points for seniors located in each of the 9 counties in our PSA.

Baseline:

County	Current Senior Transportation Providers/Transportation Information Access Points
Bonneville	Qualicare, Inc.
Butte	NONE
Clark	NONE
Custer	Challis Senior Center, Mackay Senior Center
Fremont	Ashton Senior Center, South Fremont Senior Center
Jefferson	NONE
Madison	Madison Senior Center
Lemhi	Lemhi Co Economic Development Association (LCEDA)
Teton	Senior Citizens of Teton County, Inc.

Benchmark: Identify additional senior transportation information/resource access points to counties that are currently underserved.

2: Outreach Objective: To target outreach efforts that increase OAA core services.

Service Description: Outreach funds are used to seek out older persons, identify their service needs, and provide them with information and assistance to link them with appropriate services. Outreach efforts must emphasize the following: (i) older individuals residing in rural areas. (ii)&(iii) older individuals with greatest economic and social need (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas). (iv) older individuals with severe disabilities; (v) older individuals with limited English-speaking ability; (vi) older individuals with Alzheimer's disease and related disorders with neurological and organic brain dysfunction (and the caretakers of such individuals).

Service Eligibility: General public needing long-term care services and supports.

A. Outreach Service Delivery Strategy: Identify best practice through tracking core performance data for each OAA Core service prior to and for a period after outreach events to see if outreach was successful. Each outreach activity should emphasis reaching the six target areas:

1. Seniors residing in rural areas
2. Greatest economic need
3. Greatest social need
4. Seniors with limited English ability
5. Seniors with severe disabilities
6. Seniors with Alzheimer’s disease and related disorders

Performance Measure: Outreach units for each OAA service.

Outreach Baseline:

<u>State Fiscal Year (SFY)</u>	<u>One-to-one Contacts</u>
SFY 2016 (July 2015 – June 2016) Actual	2,096

Benchmark: Target outreach to specific services based on performance data. Outreach efforts must show a direct impact to the targeted service.

A. Outreach Coordination Strategy: Coordinate efforts with local community partners to increase “access to” and “participation in” OAA core services.

Performance Measure: Local level partner for each OAA core service.

Baseline:

<u>Service</u>	<u>Partner</u>
Transportation	Qualicare, Inc., Lemhi Rides, Senior Centers/Meal Sites
Homemaker	Contracted In-Home Providers, Home Health Agencies, Idaho Department of Health & Welfare.
National Family Caregiver Support Program: Respite, Caregiver Support Groups, Caregiver Evidence Based Program—Powerful Tools for Caregivers	AAA VI, Idaho Department of Health & Welfare.
Chore	Contracted In-Home Providers

Legal Assistance	Idaho Legal Aid, Senior Legal Aid Hotline
Evidence Based Programs	AAA VI, Eastern Idaho Public Health, Lions Club
Congregate Meals	Senior Centers/Meal Sites
Home Delivered Meals	Senior Centers/Meal Sites
Disease Prevention Health Promotions	AAA VI, Eastern Idaho Public Health, Lions Club

- Benchmark:**
- Identify additional local partners that the AAA can provide information to in order to increase the overall utilization of core OAA services.
 - Target outreach to specific OAA services based on performance data.

3: Information and Assistance (I&A) Objective: To provide older individuals with statewide access to comprehensive long-term care resource assistance and OAA core service eligibility determination in coordination with Aging and Disability Resource Center (ADRC) partners.

Service Description: Information and assistance (I&A) funds are used to: (1) Provide older individuals with current information on long-term care supports, services and opportunities available within their communities, including information relating to assistive technology; (2) Assess older individual’s problems and capacities; (3) Link older individuals to long-term care supports, services and opportunities that are available; (4) To the maximum extent practicable, ensure that older individuals receive needed services, and are aware of available opportunities by establishing follow-up procedures; and (5) Serve the entire community of older individuals, particularly: (i) Older individuals with the greatest social need; (ii) Older individuals with the greatest economic need; and (iii) Older individuals at risk for institutional placement.

Service Eligibility: General public needing long-term care services and supports.

A. I&A Service Delivery Strategy: Utilize performance data from our PSA to increase both the efficiency and effectiveness of I&A services.

Performance Measure:

- Efficiencies = Cost per contact, average contact per Full Time Equivalent/I&A staff.
- Effectiveness = Total contacts, total costs.

I&A Baseline:

Benchmark: Identify additional community partners, especially in counties that are underserved by I&A and other AAA services.

4: Case Management Objective: To provide statewide access to Case Management service for older individuals who need an optimum package of long-term care services.

Service Description: Case Management funds are used for eligible older individuals and disabled adults, at the direction of the older individual or a family member of the older individual, to assess the needs of the person and to arrange, coordinate, and monitor an optimum package of services to meet those needs. Activities of case management include: comprehensive assessment of the older individual; development and implementation of a service plan with the individual to mobilize formal and informal resources and services; coordination and monitoring of formal and informal service delivery; and periodic reassessment.

Service Eligibility: Individuals 60 years of age or older who cannot manage services on their own.

Benchmark: Account for Case Management Cost and Units provided by the AAA.

B. Case Management Coordination Strategy: Establish Case Management protocols with providers who serve the following: individuals with disabilities (Center for Independent Living, Idaho Department of Health & Welfare), Veterans (Veterans Service Officer), and Facility Residents (discharge planners) to ensure that seniors and individuals with disabilities are being referred to the correct provider.

Performance Measure:

- Local Protocols
- Referral List with specific type of Case Management services available

Baseline:

<u>Case Management Focus Area</u>	<u>Agency</u>	<u>Protocol In Place</u>
Disabilities	Center for Independent Living—LIFE. Inc., Idaho Department of Health & Welfare—Medicaid, Mental Health, Developmental Disability Crisis Team, Regional Medicaid Unit	No
Veterans	Veterans Service Officer	No
Facility Residents	Idaho Home Choice—LIFE, Inc., and AAA	No

Benchmark: Each year increase Case Management referral resources and Protocols.

5: Homemaker Objective: To provide statewide access to Homemaker services for eligible individuals.

Service Description: Homemaker funds are used to assist an eligible person with housekeeping, meal planning and preparation, essential shopping and personal errands, banking and bill paying, medication management, and, with restrictions, bathing and washing hair.

Service Eligibility: Seniors 60 years of age or older and meets any of the following requirements:

- They have been assessed to have Activities of Daily Living (ADL) deficits, and/or Instruments of Activities of Daily Living (IADL) deficits, which prevent them from maintaining a clean and safe home environment.
- Clients aged 60 years or older, who have been assessed to need homemaker service, may be living in the household of a family member (of any age) who is the primary caregiver.

- c. They are Adult Protection referrals and homemaker service is being requested as a component of a Supportive Service Plan (SSP) to remediate or resolve an adult protection complaint.
- d. They are home health service or hospice clients who may be eligible for emergency homemaker service.

10: Home Delivered Meals Objective: To utilize best available resources to identify potential consumers or older individuals who could benefit from the program.

Service Description: Home Delivered Meal funds are used to provide meals five or more days a week (except in a rural area where such frequency is not feasible) and at least one meal per day, which may consist of hot, cold, frozen, dried, canned, fresh, or supplemental foods and any additional meals that the recipient of a grant or contract under this subpart elects to provide.

Service Eligibility: Seniors 60 years of age or older. Additional Requirements: (a) Persons age 60 or over who are frail, homebound by reason of illness or incapacitating disability, or otherwise isolated, shall be given priority in the delivery of services under this part. (b) The spouse of the older person, regardless of age or condition, may receive a home

delivered meal if, according to criteria determined by the area agency, receipt of the meal is in the best interest of the homebound older person. Also, a client's eligibility to receive home delivered meals shall be based upon the degree to which Activities of Daily Living (ADLs)/Instrumental Activities of Daily Living (IADLs) limit ability to independently prepare meals.

11: Disease Prevention and Health Promotions Objective: Improve the wellness of seniors by ensuring that Disease Prevention and Health Promotion programs are delivered according to the evidence-based guidelines.

Service Description: Disease Prevention and Health Promotion funds are for evidence-based programs selected by the Area Agencies on Aging based on input from the consumers in the Planning and Service Area (PSA). Evidence-based programs support healthy lifestyles and promote healthy behaviors and reduce the need for more costly medical interventions. The purpose of the Aging and Disability Evidence-Based Programs and Practices (ADEPP) is to help the public learn more about available evidence-based programs and practices in the areas of aging and disability and determine which of these may best meet their needs.

Service Eligibility: Seniors 60 years of age or older.

Service Implemented by:

- Area VI Agency on Aging for Chronic Disease Self-Management and Diabetes Self-Management
- Timalee Geiser, Eastern Idaho Public Health (schedule of Fit & Fall Proof Classes can be found by calling (208) 522-0310 Hollipark Dr., Idaho Falls, ID 83401, Mon.-Fri. 8 AM-12 Noon and 1 PM-5 PM.

2: State Adult Protection Objective: To ensure that adult protection services are consistently implemented statewide to prevent abuse, neglect, and exploitation.

Service Description: State Adult Protection Services (APS) funds must be used to provide safety and protection for vulnerable adults (age 18 and older). The APS program receives reports and investigates allegations of abuse, neglect, self-neglect, or exploitation and assists in reducing the risk of harm.

- Abuse means the intentional or negligent infliction of physical pain, injury, or mental injury.
- Neglect means failure of a caretaker to provide food, clothing, shelter, or medical care reasonably necessary to

sustain the life and health of a vulnerable adult, or the failure of a vulnerable adult to provide those services for him/herself.

- Exploitation means an action which may include, but is not limited to, the unjust or improper use of a vulnerable adult's financial power of attorney, funds, property, or resources by another person for profit or advantage.

Service Eligibility: Vulnerable adults 18 years old and older.

SFY 2021 Updated AREA PLAN INTRASTATE FUNDING FORMULA (IFF)

Intrastate Funding Formula (IFF)
Goal: To Provide funding in accordance with OAA guidelines that distribute priority funding to the target population identified in OAA 305(a)(2)(C).

Objective 1: Intrastate Funding Formula (IFF): The IFF is the methodology used to calculate how much Title III funding, including the Title IIID Disease Prevention and Health Promotion Services, goes to each Planning and Service Area (PSA). As seen in the Table below, it is based on the “At Risk” factors in each of the PSAs. This factor is then weighted and applied to the total available funding to determine the funding allocations. The formula provides that funding reaches individuals with the greatest economic and social needs for such services and reaches areas throughout the state that are medically underserved.

Formula Development: The Intrastate Funding Formula was developed in consultation with area agencies using the best available data, and published for review and comment taking into account —(i) the geographic distribution of older individuals in the State; and (ii) the distribution among planning and service areas of older individuals with greatest economic need and older individuals with greatest social need, with particular attention to low-income minority older individuals; OAA 305(a)(2)(C) and 45 CFR 1321.37.

Each Planning and Service Area (PSA) is allotted an equal amount of “base” funding. This funding is 10% of the total available State and Federal funding divided equally between each of the six PSAs. The remaining funding is then multiplied by the “At Risk” percentages and distributed to each of the PSAs accordingly.

At the February 4, 2016 ICOA Board of Commissioners’ meeting, Commissioners and the AAAs agreed to form a subcommittee to analyze the IFF methodology. Multiple scenarios were developed by the subcommittee and presented to the AAAs. On February 25, 2016 all AAA Directors agreed to keep the existing IFF. After all stakeholder and public comments have been received, the ICOA Commissioners approved Idaho’s Senior Services State Plan and the Intrastate Funding Formula at the June 21, 2016 special Commissioners’ meeting. The funding formula for the current fiscal year (**FY2021: July 1, 2020 – June 30, 2021 and reference explanation is provided below:**)

SLIDING FEE SCALE (State Fiscal Year 2021) (July 1, 2020 – June 30, 2021)

SLIDING FEE SCALE

State Law, Title 67, Chapter 50, Idaho Code, requires that fees to consumers for services provided under the Senior Services Act will be calculated by use of a sliding fee schedule, based upon household income. For Federal Funds utilize the individuals Income only. The Reauthorized OAA permits cost sharing for all services funded by this Act, with certain restrictions [OAA, Title III, Section 315 (a)]. The fee will be redetermined annually. Income, for this purpose, means gross income from the previous year, including, but not limited to, Social Security, SSI, Old Age Assistance, interest, dividends, wages, salaries, pensions, and property income, less non-covered medical and prescription drug costs. This form should be used after completion of the Standard Income Declaration Form.

Circle the client's income range, then circle the Percentage of the hourly fee the client will be required to pay.

Note: the poverty guideline figures listed on HHS website normally are calculated at 100%.
Provided is the HHS chart that has been calculated to meet the 100%, 125% and 150%.

When computing the percentage of poverty guidelines that are required for your program client eligibility, remember HHS charts are always at 100% of poverty. Agencies need to multiply the % of the threshold by your set program eligibility of poverty guidelines.

AREA AGENCY ON AGING serving Eastern Idaho

EMERGENCY PREPAREDNESS PLAN

TO MEET THE NEEDS OF SENIORS IN THE EVENT OF NATURAL OR
MAN-MADE DISASTER OR OTHER WIDESPREAD EMERGENCY

The Idaho Commission on Aging (ICOA) is actively involved in the emergency management planning and operations of the State of Idaho as a supporting agency. The Administrator of ICOA has appointed a staff member as the Emergency Preparedness/Disaster Coordinator, and two others as the alternates. These individuals work with the Idaho Bureau of Homeland Security (BHS), state agencies and the regional Area Agencies on Aging (AAAs) to plan for and respond to the needs of seniors in an emergency event. The State of Idaho's Executive Order No. 2010-09 and the Idaho Emergency Operations Plan assign specific emergency support activities to the ICOA and the AAAs in assisting and in supporting local and state government prior to and during emergencies and disasters.

As the primary agency, BHS notifies the appropriate persons/agencies and activates the Idaho Emergency Operations Plan (IDEOP). The ICOA supports with following functions:

- Assessing the needs of the elderly and homebound elderly including older individuals with access and functional needs.
- Coordinating senior services through the AAAs during natural or man-made disasters.
- Providing information/assistance to their clientele and the public.
- Coordinating senior citizen centers for shelter, mass feeding, and rest centers.
- Identifying homebound/isolated elderly clients.

The Administration for Community Living (ACL) and the Aging Network composed of State and AAAs, Native American Tribal Organizations, service providers and educational institutions have the legislative mandate to advocate on behalf of older persons and to work in cooperation with other federal and state programs to provide needed services. The authority and responsibility of ACL and the Aging Network to provide disaster services is found within the charge from the Older Americans Act to serve older persons in greatest need and from Title III, Sec. 310, and Disaster Relief Reimbursements, which provides for limited resources to fund disaster response services.

Older adults and people with disabilities are frequently overlooked during the disaster planning, response, and recovery process. Emergency management planning integrates older adults and people with disabilities of all ages—and their caregivers—into community emergency planning, response, and recovery. ACL provides the following link

http://www.acl.gov/Get_Help/Preparedness/Index.aspx with best practices to support the needs of older adults and people of all ages with disabilities during an emergency.

Statement of Understanding (SOU) between the American National Red Cross and The Administration on Aging further demonstrates the commitment and responsibility of the Aging Network to prepare for and respond in disaster relief situations. This SOU emphasizes the Aging Network's ability to perform two basic types of disaster assistance service, which are:

- Advocacy and Outreach – assuring that older persons have access to and the assistance necessary to obtain needed services, including locating older persons; getting medical attention if needed, including medications and assistive devices; assisting in the completion and filing of applications for financial and other assistance; and follow-up monitoring to assure needs are met.
- Gap-filling – to assure that needed services and follow-up are provided beyond the timeframes and restrictions of other relief efforts if necessary. OAA funds can be used for chore, homemaker, transportation, nutrition, legal, and other temporary or one-time only expenses which help older persons retain maximum independent living.

Methods of Cooperation agreed upon and encouraged in the *Statement of Understanding* include; disaster planning and preparedness, sharing statistical and other data on elderly populations, establishment of disaster advocacy and outreach programs, and making congregate and home delivered meals programs available to the general public during a disaster.

To help meet these obligations, to ensure business continuity and to meet the needs of older citizens in an emergency, the Area Agency on Aging is required to develop an emergency disaster plan, that supports ICOA's emergency disaster plan.

Basic Components of an Area-Wide Disaster Plan:

1. Name, title, and contact information of AAA person responsible for implementation of area's Disaster Plan:

NAME	TITLE/POSITION	TELEPHONE / EMAIL
Morgan Nield	Senior Services Director	208-522-5391 Ext. 201/mnield@eicap.org

2. Names, titles and duties of other AAA staff with Emergency Assignments:

NAME (AAA STAFF)	TITLE/POSITION	TELEPHONE	EMERGENCY ASSIGNMENT
Jay Doman	Executive Director	208-522-5391	Contact employees and support Senior Services Director

Casie Adams	Contracts/Information and Assistance Manager	208-522-5391	Contact contractors
Casie Adams	Information and Assistance/Contracts Manager	208-522-5391	Coordinate incoming calls & messages and link clients to resources
Tera Fellows	Ombudsman	208-522-5391	Coordinate Skilled Nursing & Assisted Living Centers
Erica Giles	Intake Specialist	208-522-5391	Coordinate Spanish speaking incoming calls & messages
Shea Weaver	Adult Protective Services Supervisor	208-522-5391	Document all Events

3. Alternate AAA business location if primary office is inaccessible or uninhabitable:

LOCATION NAME AND ADDRESS	TELEPHONE / OTHER CONTACT NUMBERS
275 Stationery Place Rexburg, ID 83440	208-356-8849
955 Riverfront Dr., Suite A Salmon, ID 83467	208-756-3999 or 1-800-359-9163

4. Describe the AAA's process to have personal and community disaster preparedness information available for clients, services providers and the general public:

The Area VI AAA has a good working relationship with the Eastern Idaho Public Health (EIPH) Department, who is very involved in community disaster preparedness. In addition, the AAA attends regular Healthcare Coalition Meetings at EIPH, where emergency and disaster preparedness for the communities are discussed. Included in these meetings are physicians, first responders, local emergency coordinators, behavioral and mental health specialists, and representatives of EIPH. The AAA obtains community disaster preparedness information at these meetings and has this information readily available at the office. In addition, the AAA has partnering agencies that provide emergency access to information through Home Delivered Meals, Meal volunteers, in Congregate Meal Site settings, and through notifying registered consumers.

5. Local Emergency coordinators and Red Cross coordinators in EACH county or city with whom the AAA coordinates emergency planning for the needs of older citizens, and will collaborate during an emergency or disaster situation:

6. Included clauses in contracts, grants and agreements with service providers describing and assuring their response during a disaster or emergency.

The below language is in the Statement of Work for all our in-home service providers:

Training & Supervision:

- All service worker shall receive an employee orientation from the provider before performing homemaker/respite/chore services. Orientation shall include the purpose and philosophy of the service review of necessary skills, program regulations, policies and procedures, proper conduct in relating to clients, and

handling of confidential and emergency situations involving a client.

- CPR: Service workers shall complete CPR training within three months of hire and shall maintain certification thereafter.
- In-Service Training: Providers shall annually provide service workers with a minimum of ten hours training, including CPR, for the purpose of upgrading their skills and knowledge.
- Supervision: All Providers shall maintain written job descriptions for service workers and shall have written personnel policies. All service workers shall receive an annual performance evaluation. Service worker supervisors shall be available to service workers during work hours to discuss changes in clients' circumstances, to resolve problems with schedules, or to respond to emergencies.

Medical Emergencies:

- In case of a medical emergency, the service worker shall immediately call 911 or the available local emergency medical services and, if appropriate, shall initiate CPR.

7. List service providers of major programs (transportation, nutrition, homemaker, etc.) with whom the AAA will coordinate emergency services.

8. Describe the AAA's process to identify homebound, frail, disabled, isolated and/or vulnerable clients who may need assistance in the event of a man-made or natural disaster:

All recipients of Home Delivered Meals, Homemaker, and Respite Services have an addresses and/or directions to their home on file at the AAA in the database system. Those files also include listings of drugs and oxygen needs of clients per their annual assessments. The data base has client demographics and emergency contact information in order to determine the status of the individual that there may be a concern about.

9. Provide a process for "call downs" to service providers, nursing homes and residential care facilities, individual case management clients, etc., to check on their preparedness status and welfare in the event of an emergency:

Refer to #2 above: Names, titles and duties of other AAA staff with Emergency Assignments.

10. Describe the AAA's process for intake and recording of information about the disaster related needs of older people, providing access to needed services, and follow-up during and beyond the recovery period.

The capability and extent of assistance the AAA's are able to provide, in case of a disaster or emergency are limited. Primary to the mission is disaster relief and assistance. The first 24 hours of a disaster or emergency are key to accessing relief and assistance. In case of a disaster or emergency the following information should be recorded on any known victims:

- Name
- Home address
- Telephone number, if working
- Known health conditions
- Next of kin and telephone number
- Nature of need
- Location of individual if not at home

This information should be relayed to Bureau of Homeland Security (BHS) if rescue is required. The AAA Director should be made aware of all efforts accomplished by the ICOA and BHS.

It is imperative any contracted nutrition providers who provide commodities or meals during a disaster or emergency, keep extensive and accurate records of what was provided to whom, when, and under what circumstances and at whose direction. These services are reimbursable by the federal government if properly authorized but require good records in order to make a claim.

The AAA involved must be able to indicate how many older persons might be residing in a given area and pass this information onto the Idaho Commission on Aging.

11. Describe the AAA's process for staff and service providers to record employee's time and expenses associated with disaster related activities:

AAA staff and service providers must maintain accurate records during an emergency event, including time worked, emergency purchases made, personal miles driven for work purposes, as well as noteworthy benchmark activities, instructions and information. These documents will be required for monetary reimbursement and payroll and be invaluable after the event in order to improve emergency preparedness plans.

Refer to Example below: necessary to apply for reimbursement in the event of a presidential disaster declaration

Authorized Peron's Name: _____

Date	Time Worked	Emergency Purchases Made	Purpose of Purchase	Costs of Emergency Purchase	Personnel Miles Driven	Store Purchase made and Location	Receipt Required	Instructions & information	Instructions Came From

12. Describe activities the AAA will undertake during the contract period to expand emergency preparedness of the Aging Network within the PSA (i.e. attend LEPC meetings, work with local emergency management officials to advocate for inclusion of older citizens' needs in emergency planning, establish CERT Training in senior centers, make 72-hour kits available for homebound clients, establish "call-down" lists and procedures to be used during emergencies, include emergency preparedness activities in contracts with providers, etc.)

- We will attend Emergency Management Meetings (East Idaho Volunteer Organizations Active in Disasters EIDVOAD) and Emergency Preparedness Meetings to continue to forge relationships with those individuals in addition to the Department of Homeland Security. We will also work to update our call down lists annually.
- AAA will research grant opportunities to purchase 72-hour kits (or coordinate with the local Humanitarian Center) that can be distributed to seniors. Excess kits will be kept at the AAA or senior centers.
- AAA will contact the senior centers in the area to identify person who wish to become CERT trained.
- AAA will contact senior centers to assist them in organizing call down lists as desired.
